| Mine Name: Drumbeat #1,2,3,4 | Permit Number: S/023/0089 | Mine Status: Active |
| Operator Name: Bradley Jones/Jones Landscaping | Inspection Date: 04/03/2015 | Permit Fees: Paid |
| Inspector(s): Wayne Western | Inspection Time: 1:00 - 1:30 pm | Bond Amount: \$20,700 |
| Attendee(s): none | Weather: sunny - mild | Bond Escalation: 04/19/2013 |
| Inspection Purpose: Routine inspection | | Prior Inspection: 10/01/2014 |

Conclusions and Recommendations

The Division has received unconfirmed reports that there is a blasting hole with explosives on the site. During the inspection there was no evidence of explosive use. The disturbances were shallow and there were no blast holes in the pits.

The permit fees have been paid. The bond is adequate to complete reclamation. The annual report was not submitted. The Division assumes that if not annual report is received then no production occurred. The last time production was reported was for 2008.

There was no activity at the site during the inspection.

| <p>The permit fees for 2015 were paid. The bond is adequate for reclamation.</p> <p>The last annual report was for 2008 (Dale Rogers). The permit was transferred to Brad Jones in 2011. Without an annual report the Division assumes that there was no production unless there is evidence of production. If no production occurs in 2015 then the Division could require reclamation.</p> <p>The Operator does not have a sales or lease contract with the BLM. Therefore, the BLM will not authorize any mining on the site with the exception of reclamation.</p> | | | |
| 2. | Public Safety (shafts, adits, trash, signs, highwalls) | <input checked="" type="checkbox"/> | <input type="checkbox"/> |
| <p>The Division has received unconfirmed reports of a blast hole with explosives on site. The BLM will contact the County Sheriff to contact the person making the claim in order to find the location of the drill hole.</p> | | | |
